Dear Dr. Robinson:

We are glad to report quite satisfactory prospects for each of the six group meetings at Columbiona-on-Lake George during July and August. We have scheduled you tentatively for the fourth group., from July 31st to August 9th. Am wondering whether it is going to be possible for you to come for this period, or do you prefer to come from August 9th to August 19th.

If you are planning to come for the former may we expect you to arrive sometime on the day of Thursday, July 31st, if possible? It will be a satisfaction to have a note from you as to the time of arrival. You will be met on the dock at Silver Bay. I am enclosing D. & H. timetable, with boat connections, which may aid you in figuring out your route.

The regular session every day will consist of a round-table conference, lasting from 9 a.m. until 12:30, with a brief recess about the middle of the forenoon.

We expect to have a working library available. Perhaps you might see your way clear to bring along two or three volumes which in the light of the subject announced you may think would be helpful to the other members of the group. Please select the books which helped you most in the lines of our conference.

I wonder if I have sufficiently indicated that the life will be simple and unconventional. Bring along outing clothes, bathing suit, (and overalls if you would like to spend an hour or two a day in the garden or about the place in any one of a half-dozen lines of farm work, this only as you like it). Fullest liberty will be accorded every one to rest, play, work, converse, read and the rest. Every one will be protected in following his inclination.

It would be a great pleasure to welcome you at this time should you see your way clear to come.

Very sincerely yours,

Wilbert W. White

My dear Friend,

Very many thanks for your N.L. to hand this morning. It was good of you to send it – I am sorry not to see you, but it can't be helped. We are having good meetings.

I heard in Northcliffe that the visit of Queen Anne to England is abandoned. If so I am sorry for her sake – but I don't believe you mind much!

My love to the whole clan,

Ever yours
